RE: JONAS ROSENTHAL

Gentlemen:

I understand that Jonas Rosenthal has applied for the position of City Manager of Poultney. I recommend Jonas very highly for this position based on my past working relationship with him. I served as president of Big Brothers and Sisters of Gallatin County for three years, two of which Jonas was our Executive Director. His intelligence, resourcefulness, and ability to organize and manage the program made it the best in the state. His fiscal responsibility and key knowledge of investments was invaluable.

Jonas left our program to work in the Governor's office as a Budget Analyst and in a matter of months was promoted to Administrative Assistant. He has the ability to adapt to any job and then excel in it.

In your search, you might find other applicants with more experience, but I do not think you can find one that will do you a better or more thorough job than Jonas Rosenthal.

Sincerely,

Dan Klusmann
